

## Ear Piercing Information

### Piercing:

- The only location that we pierce is the *lower ear lobe*
- We will do a total of two piercings in each ear
- Each set of piercings must be scheduled at different visits to allow for adequate healing time between piercings
- Ear piercing will be offered to patients two months and above, to allow for patients to receive their first immunizations prior to piercing. Patients over one years old must be able to cooperate during the procedure.

### Pricing:

- \$ 80 for both ears
- \$ 50 for one ear
- Pricing includes the ear piercing and earrings, numbing cream to reduce pain, aftercare saline solution, and aftercare education

### Scheduling:

- Ear piercings will not be performed at well or sick visits.
- A separate appointment must be scheduled to allow for adequate time to apply numbing cream, to discuss the piercing consent and aftercare instructions and to discuss health concerns prior to the piercing.
- Please call our office to schedule an appointment for ear piercing.
